GOD IN THE ARTS

'He gave us eyes to see them':
'Herdsman with Cows by a
River' by Albert Cuyp

'What is this life, if full of care,
we have no time to stand and
stare?'

Those words of W H Davies
provide the theme for this
year. This month we sense the
animals looking at us in 'Herdsman with Cows by a River' painted in 1650 by the Dutch artist, Albert Cuyp.

It is a very ordinary scene of nature. Yet there is a radiance and a tranquillity that strike us as we see the herd of cows standing in the still waters. Around them there is a lot of movement: birds fly in the sky, boats are sailing off into the sunset and two fishermen are busy at their work to the left of the canvas. But the cows and their herdsman are quiet and contented, relishing this moment of the day closing, and contemplating the world going by. In many of Albert Cuyp's paintings the sun bathes each scene in a golden light. Here the clouds are gathering in the sky as the sun sinks down in the west, but there is still a glowing calmness brought by the light of the sky above.

In this month of July we are probably planning holidays. Some holidays can be a frenetic rush, others are those occasions when we simply sit back and relax, letting what we see around us bring refreshment and renewal. It

The herd of cows in Albert Cuyp's painting have spent the day doing just that – grazing and ruminating in the fields nearby. The herdsman has brought them to the river to relax in the water. Soon they will take the journey home to the farm and the safety of the cowshed. Tomorrow will bring them the opportunity to graze anew in the gift of another day. Walt Whitman wrote in one of his poems, 'I think I could turn and live with animals, they are so placid and self-contained, I stand and look at them long and long.' As we stand and look at the cows in this painting, perhaps we may realise that whether at work or on holiday, in Sunday worship or Bible reading at home, God can feed us through His world around and in His word in Scripture. As long as we take the time and the care to savour the delights He offers us.

Mouse Makes

Moses and Aaron went to Pharaoh and said "The Lord, the God of Israel says, 'Let my people go into the desert so they can have a festival to honour me.'" But Pharaoh said, "Who is the Lord? Why should I obey him? Why should I let Israel go? I not know who the Lord is so I refuse to let Israel go." Pharaoh punished the Israelites but Moses prayed to the Lord and the Lord said, "I will use my great power against Pharaoh, and he will let my people go." So the Lord turned the river Nile into blood, then he covered the land with frogs, sent a plague of gnats, then a swarm of flies, then disease on all the animals, then a skin disease, then a great storm of hail, then a plague of locusts, then darkness that covered the land... Each time Pharaoh would not let the people go until Lord killed every first born man and animal in Egypt and Pharaoh's own son died. Then Pharaoh made the people leave Egypt with all their sheep and cattle. "Go", he said "And say a blessing for me too."

LIVE WELL, DIE WELL

Last month was the sixth annual Dying Matters Awareness Week, running from the 18th to the 24th May, the initiative of the Dying Matters Coalition encouraging as many people as possible to talk about death, dying and bereavement and to make plans for the end of life. As part of this week, St Helena Hospice launched a new campaign 'live well, die well' in conjunction with the North East Essex NHS Clinical Commissioning Group, to raise awareness of the My Care Choices Register—a way of recording someone's preferences around the care they want at the end of their life. It's only accessible by people responsible for a person's care - like their GP, community nurse or hospice nurse.

The register is for those who have a condition making it likely they are in the last year of life, have a severe chronic disease for whom a deterioration may be life-threatening or those who are in frail overall health and at risk of sudden deterioration.

There are currently 1,616 people on the My Care Choices Register. If reading the above, you feel you may benefit from recording your choices around the care you would like to receive, please make an appointment with your GP to discuss your suitability.

ARDLEIGH SURGERY NEWS
Named accountable General Practitioner

The Government is contractually requiring general practices to allocate a named accountable GP to all patients. However, we are not required to inform patients individually but to advise patients by means of our website and practice leaflet that a named GP has been allocated. This does not alter the arrangement whereby patients can choose which GP they wish to consult.

If a patient wishes to know the name of their accountable GP please contact the practice. If you wish to express a preference as to which GP you have been assigned this can be accommodated.

Car parking

Can patients please note that the car parking at the surgery is restricted to disabled patients and parents with ill babies. Able bodied patients should, therefore, use the public car parking which is only a few minutes away. Patients are also requested not to use the staff car park at the rear of the surgery for parking or for turning around their car as staff cars have been damaged; two in the past year.

FLOWER TUBS

The planters on the War Memorial and in Brook Street have been planted up for summer. We would like to thank Marc Everett & Troy Francis at Horizon Landscapes for their support. This year an additional three tubs have been funded by Dedham Parish Council and placed near the Craft Centre. If there is anyone who could volunteer to help water them regularly, please get in touch.

HEAVY GOODS VEHICLES IN ARDLEIGH ROAD

An increasing number of HGVs have been noticed in Birchwood Road and Ardleigh Road – we would be pleased to receive details of any 'sightings', particularly of regular offenders.

PLAYGROUND REFURBISHMENT

The upgrade of the children's playground in the Drift is underway. The formal re-opening will take place in early July.

MILL POND

The Parish Council has undertaken some improvement works to the area around Mill Pond thanks to a grant from the Dedham Vale AONB / Stour Valley Project and funding from Colchester Borough Council from the proceeds from the car parking charges.

Year 3 children from Dedham Primary School spent an enjoyable afternoon identifying plants, sketching the area and helping to plant some native wildflower seeds.

Kevin Taylor writes

ROYAL SQUARE PARKING RESTRICTIONS

Since the introduction of car park charges the Parish Council has been very keen to keep Royal Square available for short term parking only. We have tried to manage this on a voluntary basis to enable residents to drop into the village centre and use the High Street facilities.

Sadly these voluntary restrictions have not been successful due to a few consistent overstayers. As a result, from mid-July the Square will be part of the normal warden patrol and overstayers will be penalised. The scheme will be managed via Colchester Borough Council.

We believe that a 2-hour parking restriction will considerably benefit all Dedham residents needing to "drop in" to our village centre and traders with increased footfall.

What we did on our Holidays (12)
 2014 Directed by Andy Hamilton

It's impossible not to enjoy this big-hearted and sweet-natured British family movie from Andy Hamilton. David Tennant and Rosamund Pike are Doug and Abi, the troubled parents of three boisterous kids; they're heading up to Scotland for the 75th birthday of Doug's unwell dad, Gordy (Billy Connolly), which means staying with Doug's uptight brother, Gavin (Ben Miller), and his depressed wife, Margaret (an excellent Amelia Bulmore). This means maintaining all the secrets and lies of families, and Gordy finds the only people he really gets on with are Doug's young children. Very impressive and likable film, sending you home laughing.

NOTICEBOARD—DEDHAM PRIMARY SCHOOL

Laura Valentine writes

Since returning from my second visit to Gatunduri Primary School in Kenya, friends, colleagues and children have all eagerly asked, “How was your trip to Kenya?” and it is such a difficult question to answer! If I were to say challenging, inspiring, thought-

provoking, entertaining, tiring, life-changing, uncomfortable and humbling I would only be scratching the surface!

Here are some of my experiences:

At times during the day, classes are left completely unsupervised for the children to get on with independent learning; which they do! The children are keen to learn, having a high regard for education, and many said they wanted to be engineers, doctors and pilots when they grew up. The top achievers were given prizes of plastic bowls and jugs at a special Education Sunday service.

Illness and death are dealt with so matter-of-factly. I watched children being taught about the symptoms and prevention of cholera, currently a big problem in certain areas of Kenya. The teacher told me that teaching the children is the only way to get the message home to their parents.

I gave the teachers stickers to give to the children for good work. By the end of the day, the reception class had sparkly stars and smiley faces on their own smiley faces!

The football team were delighted with their ‘new’ kit. Having just bought a new kit for Dedham, we donated our old kit to the Gatunduri football team. They were chuffed to bits and I learned that the children were also to wear the kit to a local athletics event the following day.

We look forward to welcoming Gatunduri’s senior teacher, Martha Muthoni to Dedham in September. Between now and then, both schools will be continuing to work on our joint projects which this year include storytelling and understanding global warming.
