

My name

Make an Easter garden.

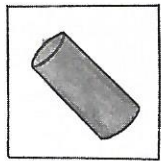

You will need:

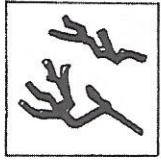

water

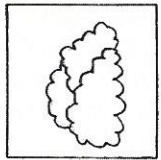

a shallow tray

a short length of cardboard tube

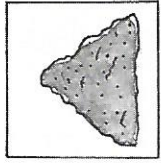

twigs

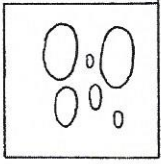

moss

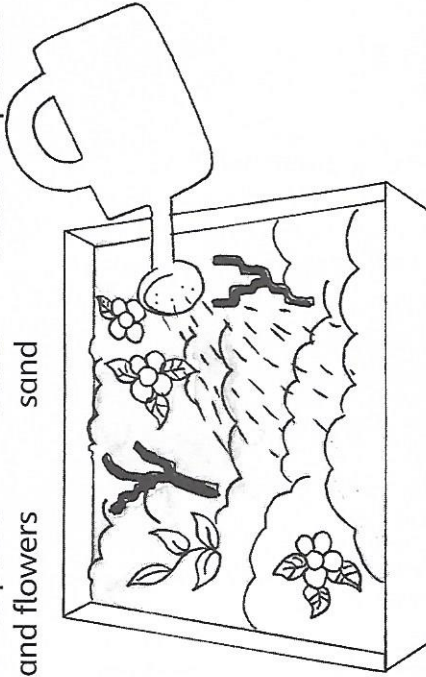

small plants and flowers

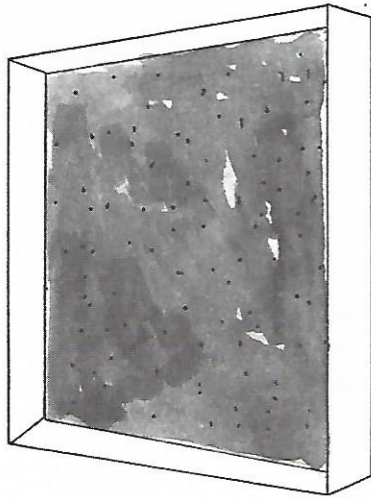

soil or sand

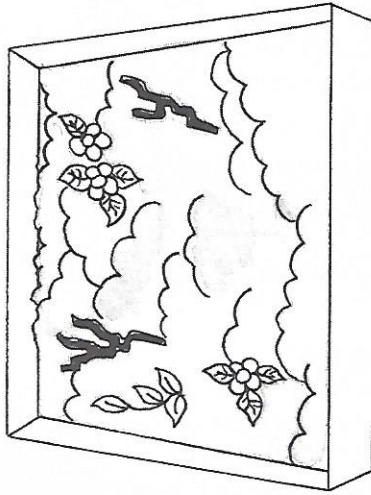

stones or pebbles

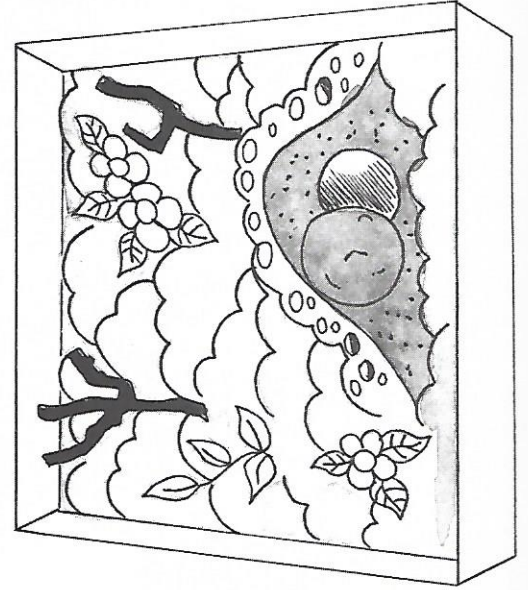

Water lightly.

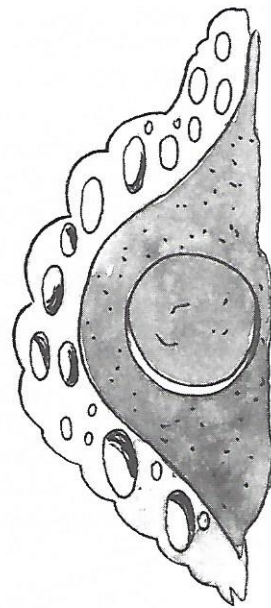

Put some soil in the tray.
Spread it out.

Push in some plants and add some twigs.

On Easter Day, take the door-stone away.

Put the tube in the tray and build a cave by covering it with soil and stones. Use a flat stone at the front as a door.

Jesus is alive!
